Saturday night, about ten o'clock, fire was discovered in the upper floor of the Kimble Grist mill, situated near the Eric depot. An alarm was sounded which brought the fire company promptly to the ene, but they were powerless, and the uilding along with the barn and sheds adjoining were burned to the ground. The milling business was conducted by Messrs. Kubauch and Seamans, who will lose heavily, as the mill was well stocked with corn, oats and ryc. They had just received an order for 1,000 bushels of 17'e, and was waiting for the bags in which to ship it to Scranton. They had in stock about 6,000 bushels of corn and several thousand bushels of outs. They had just stored a car load of hay in the barn, which with flour and other stock in the sheas, was a total loss, as a thousand dollars insurance on this had just been discontinued by them. The loss is salmated at about nine thousand dollars with an insurance of \$4,000. The cause of the fire is unknown. It seemed to or-iginate in a part of the building where there was no fire or machinery used. This mill did a large business and will probably be rebuilt at once, with improved machinery. The burned building has done service ever thirty years.

HOW TO FIND OUT.

Fill a bettle or common glass with urine and let it stand twenty-four hours; a sediment or settling indicates a diseased condition of the kidneys. When urine stains linen it is pozitive evidence of kidney trouble. Too frequent desire to urinate or pain in the

back, is also convincing proof that the kidneys and bladder are out of order. WHAT TO DO. There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp Root, the great kidney remedy fulfills every wish in relieving pain in the back, kidneys, liver, bladder and the back, kidneys, liver, bladder and every part of the urinary passages. It corrects inability to hold urine and scalding pain in passing it, or bad effect following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and the extraordinary effect of Swamp Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Some years ago Michael Moyles adopted a child while he was a resident of Wilkes-Barre. A short time ago, while in conversation with Martin Barrett, the subject of the age of the child when Moyles adopted it crose. Harrett, who was familiar with the circumstances, claimed the child was only 6 months old when Mr. Moyles took it, and Moyles claimed it was 3 years old. They could not agree and the controversy became until one offered to wager \$23, which the other immediately covered, the stakes being given to a responsible party. Some time has passed and each claim the money, but neither have proved their right to the same, and the two gentlemen are now thinking strongly of resort-ing to law for their rights and in fact each have been securing legal aid.
